100% of the monies raised at the second annual Duck Classic will stay right here in Northeast Arkansas to benefit the programs of NEA Clinic Charitable Foundation.

HopeCircle is a "supportive care program for patients and their families living with catastrophic illness". The program provides patients, as well as their families, with hope, support and education programs. The Medicine Assistance Program helps needy patients with prescription medication.

Thank you to all of our sponsors, the hunters and volunteers for making this a successful event for the people of Northeast Arkansas.
