

Presenting a Message of Hope & Determination!

Dick Hoyt of "Team Hoyt"

"The message of Team Hoyt is that everybody should be included in everyday life."

Dick and Rick Hoyt are a father-and-son team from Massachusetts who together compete just about continuously in marathon races. And if they're not in a marathon they are in a triathlon — that daunting, almost superhuman, combination of 26.2 miles of running, 112 miles of bicycling, and 2.4 miles of swimming. Together they have climbed mountains, and once trekked 3,735 miles across America.

It's a remarkable record of exertion — all the more so when you consider that Rick can't walk or talk. At Rick's birth in 1962 the umbilical cord coiled around his neck and cut off oxygen to his brain. Dick and his wife, Judy, were told that there would be no hope for their child's development.
